Homework Week 8

You have an online assignment for this week. You must complete 3 lessons this week on Think Through Math.

You will be graded based on having your TTM lessons completed and on time. They must be done before class on Friday. You have access on Chromebooks or iPads at the website: www.thinkthroughmath.com or https://login.thinkthroughmath.com/accounts/sign_in

Your login looks like: 04abcabc98765
And your password is your 8 digit student ID number.

You must complete the benchmark first if this is not yet completed. The benchmark is not a lesson.
